Ear Oil Drops

Care for your ears

Our ears go through a tremendous amount each day, from the sounds of people talking, horns honking, and cars racing by. With the hustle and bustle of daily life, our ears are constantly stimulated and processing sound. Yet, most of us rarely take a moment to acknowledge this or provide our ears with the TLC they deserve. Here are some suggestions to help you “be there for your ears.”

Our Product

Marie Originals Ear Oil Drops are curated to nourish, protect, and support vibrant ear health. Containing a therapeutic blend of earth- derived ingredients, including mullein, calendula, garlic, and St. John’s Wort, this harmonizing formula helps reduce congestion from earwax, guards immunity, and promotes ear health. These drops can be incorporated into your daily regimen or used as needed, such as to help bolster your immune system.

TIPS TO PROMOTE VIBRANT EAR HEALTH

Prevent excess moisture.

After you swim, shower, or bathe, make sure that water is not left in your ears, as excess moisture can invite bacteria and lead to infection. If you feel water in your ears, tilt your head to the side to allow it to drain, or pat your ears dry with a towel.

Earplugs.

If you are attending a concert, music festival, or fireworks on the 4th of July, earplugs can help protect your ears from the loud sounds you will be exposed to. Common types of ear protection include foam earplugs and protective earmuffs.

Relax.

Stress relief is good for just about everything—including your ears. Stress can cause spells of ringing in your ears, known as tinnitus. When these phantom ringing noises are caused by stress and anxiety, relaxation techniques such as meditation, yoga, and deep breathing can help decrease tinnitus.

Use ear plugs

Dry out ears

Use medicinal oils

Stay away from cotton buds

 soothe and protect

 support immunity

 promote healthy ear

Marie Originals

Targeted, lasting relief that's safe and gentle enough for even sensitive skin. And powerful potent and certain to get the job done - fast. Marie Originals, a powerhouse hybrid of raw power and raw nature.

Ear Oil Drops

Easy to use

- 1) Tilt head to one side and squeeze 3 drops into affected ear.
- 2) Use twice daily as needed.
- 3) For best results, lie on your side for 2 minutes to allow drops to fully coat ear canal.

Do not use if eardrum is perforated.
